- T. Outstanding Liabilities: Bidders shall not have outstanding, unpaid liabilities owed to the County. 6. Bid Evaluation and Contract Award

- A. Bid Evaluation and Contract Award Process: An award of a contract to provide the goods or services specified herein will be made using competitive sealed bids, in accordance with Chapter 262 of the Texas Local Government Code, Chapter 2269 of the Texas Government Code and with the County's purchasing policy. All bids should be based on unit pricing (Cost per ton of material or per Linear Foot to complete all task listed within Appendix A to include all necessary bonds and insurance). The contract will be given to the lowest/best value/most responsive bidder that complies with all requests for bid items and requirements set forth by Bastrop County in this RFB, to include bonds, insurance requirements and Bastrop County may consider: 1) price: 2) the offeror's

experience and reputation: 3) the quality of the offeror's goods and/or services: 4) the impact on the ability of the Governmental entity to comply with rules relating to historically underutilized businesses: 5) the offeror's safety record: 6) the offeror's proposed personnel: 7) whether the offeror's financial capability is appropriate to the size and scope of the project. The selected bidder must NOT be debarred from any federal and/or state agency and Bastrop County will conduct a review of the bidder's status on SAM.Gov. The Bastrop County Commissioners' Court will make the final selection and award. **The County has the right to reject any and/or all Responses.**

- B. Completeness: If the Bid is incomplete or otherwise fails to conform to the requirements of the RFB, County alone will determine whether the variance is so significant as to render the bid non-responsive, or whether the variance may be cured by the bidder or waived by the County, such that the bid may be considered for award.
- C. Ambiguity: Any ambiguity in the bid as a result of omission, error, lack of clarity or non-compliance by the bidder with specifications, instructions and all conditions shall be construed in the favor of the County. In the event of a conflict between these standard RFB requirements and details provided in Appendix A – Scope of Services or Appendix B – Bid, the Appendices shall prevail.
- D. Controlling Document: In the case of a discrepancy between this solicitation and the formal contract, the formal contract will prevail and control.
- E. Firm Prices: Unless otherwise stated in the specifications, Bidder's prices remain firm for 90 days from date of Bid opening and, upon award, remain in effect for the contract period specified in the solicitation. If formal award has not occurred within 90 days of bid opening, the Contractor and the County may mutually agree to extend the firm price period.
- F. Additional Information: County may request any other information necessary to determine bidder's ability to meet the minimum standards required by this RFB.
- G. Debarment: The selected Bidder must **NOT** be debarred from any federal and/or state agency and Bastrop County will conduct a review of the Bidder's status on SAM.Gov. 5. **Scope of Services:**

Project Overview:

Bastrop County is in need of a contractor to provide erosion control measures and to replace a damaged/broken guardrail extruder terminal.

500 block of Lower Red Rock Road (Latitude 30.05742079 – Longitude -97.37141479) (See Site Map 1A) - The contractor shall refer to TXDOT Standard Sheet SCT (14W) 31-18 for “Retrofit Standard SKT 31” Wood Post System To Mash MSKT”. This site has severe impact damage to SE corner guardrail extruder terminal with broken and detached end posts and the flex beam is extruding towards the traffic. The contractor shall replace the damaged end terminal.

300 Block of High Grove Road (Latitude 30.02287962 – Longitude -97.46835953) (See Site Map 2A) – Erosion exposure has occurred at both (Northeast and Southwest) abutment footings and wingwall footings. Moderate contraction scour and runoff erosion have exposed both abutment footings and the wingwall footings. The bottom of all footings are exposed, and the north and east wingwall footings are undermined up to 2.5' at the abutment footing connection. The contractor shall backfill undermined portions of the NE abutment wall and place 18-inch stone riprap along abutment wall footings as erosion countermeasure.

Contractor shall remove and replace approximately 100 feet of 5-strand barbed wire fencing at the project site.

500 Block of Pettytown Road (Latitude 29.93374960 – Longitude -97.44409530) (See Site Map 2B) – Erosion exposure has occurred at both (Northeast and Southwest) abutment footings and wingwall footings. Moderate contraction scour has exposed the drilled shafts at the southwest abutment as much as 4.3' and the abutment cap is completely undermined. The southwest embankment is also undermined

up to 1.3' back from the back of the cap and 2' upward from the bottom of the cap. Erosion at the northeast abutment exposes the bottom section of the cap up to 2.5' below the original ground line. Contractor shall repair undermining of SW abutment and SW approach embankment with stabilized backfill material. Contractor shall install 18-inch stone riprap to protect the abutments.

Bastrop County has estimated the following quantities of material and services that will be needed to complete all tasks for this project; however, Contractors should field verify the project scope before submitting a bid:

| ITEM | DESCRIPTION | QUANTITY | UNIT |
|------|---|----------|------|
| 432 | RIPRAP (STONE PROTECTION) (18 IN) | 208 | CY |
| 500 | MOBILIZATION | 1 | LS |
| 502 | BARRICADES, SIGNS & TRAFFIC HANDLING | 1 | MO |
| 544 | GUARDRAIL END TREATMENT (INSTALL) | 1 | EA |
| 544 | GUARDRAIL END TREATMENT (REMOVE) | 1 | EA |
| | BARBED WIRE FENCE (5-WIRE) (REMOVE AND INSTALL) | 100 | LF |

** All specifications should follow TXDOT Standards Specifications for Construction and Maintenance of Highways, Streets and Bridges.*

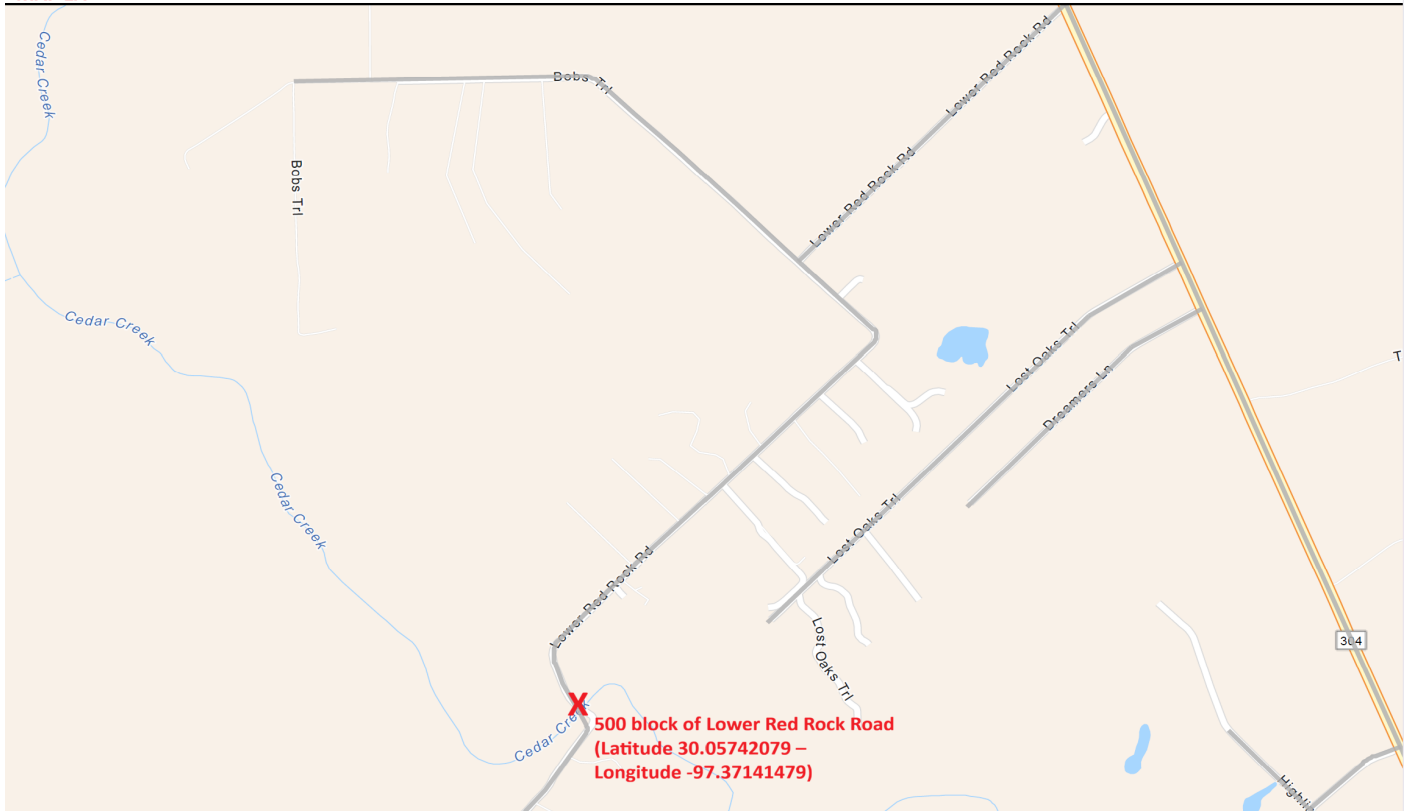

***Traffic control must comply with the TMUTCD (Texas Manual on Uniform Traffic Control Devices) and TxDOT's Barricade and Construction (BC) standard sheets.*

The selected contractor **SHALL** mobilize and start work within Fifteen (15) days of receipt of a Notice-To-Proceed issued by Bastrop County. Payment and Performance bonds shall be required and issued for this contract should the total bid price for this project reach the State of Texas threshold for public works projects. The contractor agrees that, before any work begins, a Payment Bond will be executed and delivered to Bastrop County for the amount of one hundred percent (100%) of the estimated project total, should the contracted total meet and/or exceed twenty-five thousand dollars (\$25,000). A Performance bond in an amount of one hundred percent (100%) of the estimated project price should also be executed and delivered to Bastrop County should the contracted amount meet and/or exceed one hundred thousand dollars (\$100,000). The Performance and/or Payment Bond must be maintained throughout the contracted project execution period. At the completion of all work on the requested project, the Payment and/or Performance Bond shall be released. Cost of all bonds must be included in the bid price.

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted [House Bill 1295](#), which added [section 2252.908](#) of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency.

The law applies (with a few exceptions) only to a contract between a business entity and a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

Changed or Amended Contracts:

Form 1295 is only required for a change made to an existing contract in certain circumstances: (1) if a Form 1295 was not filed for the existing contract, then a filing is only required if the changed contract either requires an action or vote by the governing body or the value of the changed contract is at least \$1 million; or (2) if a Form 1295 was filed for the existing contract, then another filing is only required for the changed contract if there is a change to the information disclosed in the Form 1295, the changed contract requires an action or vote by the governing body, or the value of the changed contract increases by at least \$1 million.

As required by law, the Commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The Commission also adopted rules ([Chapter 46](#)) to implement the law. The Commission does not have any additional authority to enforce or interpret [section 2252.908](#) of the Government Code.

Filing Process:

A business entity must use the [Form 1295 filing application](#) the Commission created to enter the required information on Form 1295 and print a copy of the completed form. Once entered into the filing application, the completed form will include a unique certification number, called a “certification of filing.”

An authorized agent of the business entity must sign the printed copy of the form affirming under the penalty of perjury that the completed form is true and correct.

The completed, printed, and signed Form 1295 bearing the unique certification of filing number must be filed with the governmental body or state agency with which the business entity is entering into the contract.

Acknowledgement by State Agency or Governmental Entity:

The governmental entity or state agency must acknowledge receipt of the filed Form 1295 with the certification of filing, using the Commission’s filing application, not later than the 30th day after the date the governing body or state agency receives the Form 1295. The Commission will post the completed Form 1295 to its website within seven business days after the governmental entity or state agency acknowledges receipt of the form.

Changes to Form 1295

Changes to the law requiring certain businesses to file a Form 1295 are in effect for contracts entered into or amended on or after January 1, 2018. The changes exempt businesses from filing a Form 1295 for certain types of contracts and replace the need for a completed Form 1295 to be notarized. Instead, the person filing a 1295 needs to complete an “unsworn declaration.”

What type of contracts are exempt from the Form 1295 filing requirement under the amended law?

The amended law adds to the list of types of contract exempt from the Form 1295 filing requirement. A completed Form 1295 is not required for:

- A sponsored research contract of an institution of higher education;
- An interagency contract of a state agency or an institution of higher education;

- A contract related to health and human services if: o the value of the contract cannot be determined at the time the contract is executed; and o any qualified vendor is eligible for the contract;
- A contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity;*
- A contract with an electric utility, as that term is defined by Section 31.002, Utilities Code;* or
- A contract with a gas utility, as that term is defined by Section 121.001, Utilities Code.*

The newly exempt contract types are marked with an asterisk.

Why do I need to include my date of birth and address when I sign Form 1295? Was this always the case?

In 2017, the legislature amended the law to require Form 1295 to include an “unsworn declaration” which includes, among other things, the date of birth and address of the authorized representative signing the form. The change in the law applies to contracts entered into, renewed, or amended on or after January 1, 2018. The unsworn declaration, including the date of birth and address of the signatory, replaces the notary requirement that applied to contracts entered into before January 1, 2018.

Will my date of birth and address appear on the TEC’s website when I file the form?

No. The TEC filing application does not capture the date of birth or street address of the signatory and it will not appear on forms that are filed using the TEC filing application. Although the TEC does not capture the date of birth and street address of the signatory, the contracting state agency or governmental agency will have a physical copy of the form that includes the date of birth and address of the signatory. The TEC cannot answer whether the contracting state agency or governmental agency may release such information. Questions regarding the Texas Public Information Act may be directed to the Office of the Attorney General. See also *Paxton v. City of Dall.*, No. 03-13-00546-CV, 2015 Tex.
